Step 1: Add 100-200 new facebook friends every day (you can target MLM and Network Marketing Pages, crypto and bitcoin pages as well) Target people following influencer like Gary V, Tony Robbins, Eric Worre Etc will work best to find Like-Minded people!

Step 2: After they accept your friend request

VERY IMPORTANT

- LIKE their profile pic
- Like and comment a couple of their latest posts and USE Emojis 😊🔥 Facebook loves emojis!

This will ensure the facebook algorithm knows you are now connected and your new friends **see your posts** in their news feed when you start posting daily content. **You should be posting content DAILY!**

- some lifestyle stuff
- some personal family life stuff and every once in a while
- something about making money (DO NOT POST EVERYDAY ABOUT YOUR BUSINESS – but it is okay to post about TOPICS RELATED TO YOUR BUSINESS)

Morning Afternoon and Evening...

Go through your facebook 3 times a day and like, love, comment and leave emojis 🔥✅ on 50+ of your facebook friends posts focusing on your newly added friends. Do this in the morning before you leave for work, on your lunch and then before you go to bed. Do it whenever you have time!! You can't over-do it!

THIS IS WHAT FUELS the facebook algorithm!!

YOU WANT likes and engagement on your posts? Then you have to engage on other people's posts.

This is a 2 way street.

You are steadily building a LASER targeted audience on your facebook! ! !

SO simple ... add new friends, follow these SIMPLE steps and **STAY CONSISTENT**

BONUS If you already have 5000 friends delete 1000 of them a month and repeat the steps above.. that's **1000 New FREE Prospects a month** seeing your life and learning to KNOW, LIKE and TRUST YOU and eventually join you in your success in CFX
